

DONATE YOUR LIVESTOCK TO THE FOOD BANK

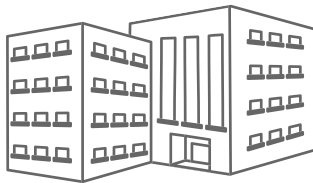

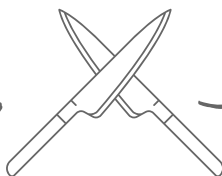

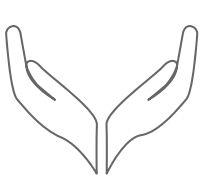

MARION POLK
FOOD SHARE

Nourish your community by contributing protein-rich food for our hungry neighbors. Join us in our mission to bring people together to end hunger and its root causes.

How it works

Your generous donation of livestock - pigs, steer, sheep, and goats

USDA inspected livestock processing paid for by Marion-Polk Food Share

Delivery to Marion-Polk Food Share's 26,000 square foot warehouse

Delivery to our network of more than 120 pantries and meal sites throughout Marion and Polk counties

Your donation helps provide food for 46,000 people - including 15,000 children - accessing our network each month

There is no local USDA processor available for chickens, turkeys and rabbits. However, you may still donate these types of animals to the food bank as funds. The food bank will receive a check for the floor value of the animal.
